17. ABSTRACT (MAX. 250 WORDS)							
The names of clothes are introduced - dress, shirt, tie, and hat - by linking visual and oral cues to the words. From a review of the second lesson, the phrase "the big day" is introduced (article, adjective, noun). To this phrase "is" is added. The student must recognize "is" as a new word and must underline it in the sentence. The word "is" is used with the previously learned nouns. Attention is then focused on the adjectives previously learned.
